I'll Give My Heart To You

Buck Owens

If you'll hold me close and kiss me promise that you'll always miss me

Say you'll never never never be untrue

If you swear you'll always love me and you'll place no one above me

Well then I'll give my heart to you

If I'm number one in your heart if you're sure that we'll never part

If you're ready now to make my dreams come true well then I'll give my heart to you

If you'll hold me close...

Well if you're all through painting the town if you're ready no w to settle down

If you're sure I'm the only one for you well then I'll give my heart to you

If you'll hold me close...
