

My Hate Unfolds

Callenish Circle

Crossing boundaries of indifference
Your greed exceeds the line
Egoism
even multiplied

Pressing forward your lies
A path of endless consequence
Paved with bare
hands
You'll
start your endless journey soon
A path of endless consequence
Paved with
bare hands

You'll better be of dead
Exercise my fantasy
How my passion is your pain

Senses
sliding into sin
Further and further away
Wake up, enjoy reality

Pressed to the ground,
a black curtain
Covering your illusions, chains of discomfort
Choking
unbound
Feel
my rejection
My hate unfolds
When your blood stains
It leaves me cold

As life is
fading
You're all alone
Feel my rejection
Your fate unfolds
Exercise
my fantasy

How my passion is your pain
Senses sliding into sin
Further and further
away
Wake
up, enjoy reality
Pressed to the ground, a black curtain
Covering your
illusions,
chains of discomfort
Choking unbound
Feel my rejection
My hate unfolds

When your
blood stains
It leaves me cold
As life is fading
You're all alone

Feel my rejection

Your fate unfolds
You're all alone
Crossing boundaries of indifference
