

It's My Style

Cathy Dennis

Straight to the limit
I'm flyin' in the sky
Don't wanna lose this feeling
Don't want calm the fire

Kepp on movin' on
No other lover can move me
The way that you do
Keep on movin' on
No other lover can thrill me
Like you

Cos baby
It's my style and nothing gonna changeit
It's my style that's all I wanna say
It's my style and nothings gonna change it
You're the reason I can feel this way

Straight to the limit
I'm flying in the sky
Sensational feelings
Nobody can deny

Keep on moving on
No other lover can move me
The way that you do
Keep on moving on
No other lover can thrill me
Like you

Cos baby
It's my style and nothing gonna changeit
It's my style that's all I wanna say
It's my style and nothings gonna change it
You're the reason I can feel this way

It's my style and nothing gonna changeit
It's my style that's all I wanna say
It's my style and nothings gonna change it
You're the reason I can feel this way

Why is it that today
My world seems clearer
Why is it that today
My dreams seem nearer

Keep on moving on
No other lover can move me
The way that you do
Keep on moving on
No other lover could thrill me
Like you

Cos baby
It's my style and nothing gonna changeit
It's my style that's all I wanna say
It's my style and nothings gonna change it

You're the reason I can feel this way

It's my style and nothing gonna change it
It's my style that's all I wanna say
It's my style and nothings gonna change it
You're the reason I can feel this way

It's my style and nothing gonna change it
It's my style that's all I wanna say
It's my style and nothings gonna change it
You're the reason I can feel this way

It's my style and nothing gonna change it
