Lamentation

Chaostar

When the cursed all are banished Doomed to that devouring furnace Summon me among the blessed. On my knees I fall (before them) Grant the dead eternal rest perpetual light shine.

Day of bitter Lamentation
When man rises up from ashes
Doomed to Judgement Lost and Guilty
Grant me grace for my atonement
Ere the day I stand

Grant the dead eternal rest perpetual light shine.

I lament for I and I am (Guilty) and I blush for my wrong doing I implore Them Saviour spare me .
