

# The One That Got Away

Charice

Sorrow after high-school when we first met  
Make cold in your mustang to radio  
I know my 18 birthday .. much tattoo.

Used to steal your parents' liquor, clap to the roof  
Talk about our future we had a clue  
Never plan that one day I was losing you.

In another life I would be your girl  
We care for what promises, be us against the world  
In another life I will make you stay  
So I don't have to say you  
The one that got away  
The one that got away

I was surely you were Johnny Cash  
Never worry 'bout the other we met a ..  
Sometimes when I miss you I put those records on, no  
Someone said you had your tattoo removed  
So you downtown save the roofs  
Stamp the face the music I'm no longer your muse.

In another life I would be your girl  
We care for what promises, be us against the world  
In another life I will make you stay  
So I don't have to say you're  
The one that got away  
The one that got away

All this money can't find me a time machine, ohh  
Can't replace you with the million ring, ohh  
Should have told you what you meant to me, no  
'Cause now I pay the ground.

In another life I would be your girl  
We care for what promises, be us against the world  
In another life I will make you stay  
So I don't have to say you  
The one that got away  
The one that got away  
For the one I got away
