Chew Lips

Careful to tie the ends
don't want no accidents
crack like the camio oh oh oh
castle with body mode

we don't wait theres no time no time
we don't wait theres no time no time
we don't wait theres no time no time
we don't wait theres no time no time

wearing your body out
laughing and aching shout!
so with the highest fist
'member the year you hid

we don't wait theres no time no time
we don't wait theres no time no time
we don't wait theres no time no time
we don't wait theres no time no time
