

When You Miss Me

Chrishan

Oh, oh, ouho (8x)

Every time I leave you girl,
I'm steady tryna find a way
To keep you missin me,
cuz I know I've been gone, like every day
And if I call, you don't pick up,
I'm thinkin all of the worst things
Like maybe she quit on me,
cuz girl you're my everything

Girl, I
Know I'm always on the road
Girl, I
Promise I'll be back at home
If, you
When it comes back again,
tell me you can handle it
Tell me you can handle it

When you miss me,
baby girl you know it kills me
Cuz I don't wanna see you cry,
everytime I say goodbye
So baby kiss me,
and I'll be here before you miss me
Cuz I can't stand to watch you go,
so baby girl I'm coming home to you

Oh, oh, ouho (8x)

Baby I know times get hard,
but I can't seem to get away
And tell you I'm in this for love,
but I'll be back one day
Wish I could just make the time,
and maybe that's what I'll do
Cuz I can't lose you,
cuz baby my all is you

Girl, I
Know I'm always on the road
Girl, I
Promise I'll be back at home
If, you
When it comes back again,
tell me you can handle it
Tell me you can handle it

When you miss me,
baby girl you know it kills me
Cuz I don't wanna see you cry,
everytime I say goodbye
So baby kiss me,
and I'll be here before you miss me
Cuz I can't stand to watch you go,
so baby girl I'm coming home to you

Cuz I don't want nobody else
I don't want nobody else
Miss you, miss you, miss you baby
I don't want nobody else
I don't want nobody else
Miss you, miss you, miss you baby

(2x)

When you miss me,
baby girl you know it kills me
Cuz I don't wanna see you cry,
everytime I say goodbye
So baby kiss me,
and I'll be here before you miss me
Cuz I can't stand to watch you go,
so baby girl I'm coming home to you

Oh, oh, ouho (8x)
