

We have learned that after the war the Nazis vanished without a trace

But battalions of fascists still dream of a master race

The history books they tell of their defeat in 45

Nut they all came out of the woodworks the day the Nazi died

They say the prisoners of Spandau was a symbol of defeat

While Hess remained in prison then the fascists they were beat

So the promise of an Aryan world would never materialise

So why did they all come out of the woodworks the day the Nazi died

The world is riddled with maggots, 'n the maggots are getting fat

They are making a tasty meal of all the bosses and beaurocrats

They are takin' over the boardrooms, an they are fat and full of pride

And they all came out of the woodworks on the day the Nazi died

So if you meet with this historians I will tell you what to say

Tell them that the Nazis never really went away

They ate out, they are burning houses down and peddling racist lies

And we will never rest again until every Nazi dies.
