## **Northern Wind**

## **City and Colour**

You're the Northern Wind Sending shivers down my spine You're like fallen leaves In an autumn night

You're the lullaby That's singing me to sleep You are the other half You're like a missing piece

Oh my love Oh my love Oh my love You don't know What you do to me

You are all four seasons Rolled into one You're like the cold December snow In the warm July sun

I'm the jet black sky That's just before the rain Like the mighty current Pullin' you under the waves

Oh my love Oh my love Oh my love You don't know What you do to me

I'm the darkest hour Just before the dawn And I'm slowly sinking Into the slough of despond

Like an old guitar Worn out and left behind I have stories left to tell They're of the healing kind

Oh my love Oh my love Oh my love If I could just Find you tonight If I could just find you tonight Oh my love
