

Big News

Cliff Richard

Big news, big news, big news, big news
Have you heard the news?
Have you heard what's hit the headline?
The whole world knows that I'm in love with you

Have you heard the news?
Have you heard what everyone's saying?
They're all saying that I'm in love with you

Umm-mm
I want to make a statement, I want you all to hear
Listen closer to me, for the story of the year

I found the plan for living
That'll last me all through life
I'm gonna take this girl of mine
And make her my wife

Have you heard the news?
Have you heard what I've been saying?
I've been saying that I'm in love with you

Now here's another statement, for all of you today
So if you want that story, then hear the words I say

I'm telling, about our headlines
The herald loud and clear
I'm gonna wed this girl of mine
And we'll be the love of the year

Have you heard the news?
Have you heard what I've been saying?
I've been saying I'm in love with you
Have you heard the news?
Have you heard why I'm so happy?
I feel happy 'cause you love me too

Big news, big news, big news, big news
Big news, big news, big news, big news
