

# Transmission from Hell

Cradle of Filth

So, I've got a clean copy of the tape  
Here now and um,  
Well look I should warn you that  
This could really scare you.

This is the letter that I received  
From one (inaudible)... that was  
Dated the 6th of June of 2006.  
I have recently started  
(Inaudible)... to believe it  
When you talked about  
The sounds from hell tonight.

My uncle had told me this story  
A couple of years ago and I didn't  
Believe him, like I discounted the  
Stories as nothing more than just a  
Hysterical religious newspaper account.

The story about the digging of the  
Hole and the hearing of the sounds  
From hell is very real. It did occur,  
In Siberia on a regular mining  
Expedition exploring future oil reserves.

My uncle collected video and audio  
Tapes and so forth, on the  
Paranormal and supernatural.  
Until he passed away recently  
Under strange, terrible circumstances.  
He let me listen to one of the audio tapes  
That he had on the sounds from hell  
In Siberia and I (inaudible)...

He received his version from a  
Close friend who worked (inaudible)...  
It took me awhile to find it tonight,  
But attached is that sound from my  
Uncle's tapes. It's not the (inaudible)...  
But the sounds, those horrible sounds on there.

I was very hesitant to send you this  
Because the noise bothers me to listen to.  
It has always... haunted me.

To those who discounted the  
"Siberian Sounds From Hell" story, it  
Is true. And I, for one, wish it wasn't.  
Well, that's the letter, and this is the tape.  
It's clean better copy and I will warn you...  
... what you are about to hear is  
VERY VERY DISTURBING.
