## Just a Reminder

**Craig David** 

Baby dry your weepin' eyes, just let me say You've been carryin' the weight of the world like a true queen Baby I'm not what you want, but I'm what you need You've been travellin' alone for so long let me be there So I can hold you in my arms, keep you safe from harm Every time you wonder baby what's goin' on

This is just a reminder To tell you that I still care About you woman, oh yeah, about you lady This is just a reminder To tell you that I believe You're the only one who knows just how to save me (oh yes) You're the echo in my world that's goin' crazy

I remember all the times, how you used to read my mind If I told you where I'd been, girl you'd know where we were goin' Baby things are different now, but I think somehow We could turn back the hands of time like it was nothing And I would hold you in my arms, keep you safe from harm Every time you wonder baby what's goin' on

This is just a reminder To tell you that I still care About you woman, oh yeah, about you lady This is just a reminder (oh yeaah) To tell you that I believe You're the only one who knows just how to save me (oh baby)

So baby lets just take this madness Throw it all far away You're still the one I love and it will always be that way Baby lets just take this sadness That keeps gettin' in the way Don't wanna let you get away Baby lets just take this madness Throw it all far away I don't wanna be alone, without you girl another day Baby lets just take this sadness Don't ever wanna let you go I can't let you go

This is just a reminder (oh yeah) To tell you that I still care (la la la la, la la la, la la no no no)

(This) this is just a reminder (just a reminder)
To tell you that I believe
You're the only one who knows just how to save me (oh yeah)
You're the echo in my world that's goin' crazy

This is just a reminder To tell you that I still care (tell you that I still care, yeah yeah, no no no no no no no)

This is just a reminder (just a reminder) To tell you that I believe (och no no no no no no) You're the only one who knows just how to save me You're the echo in my world that's goin' crazy

It's just a reminder To tell ya, that I still care baby Na na na na na na Baby, this is just a reminder To tell you that I still care La na na na na, na na na na girl Ooh yeah
