

# Hollow Man

Dada

There's a fire in my head  
Shines out my eyes  
There's a fuse in my mind  
Burns down my spine  
Nobody sees it but I'm hollowed out  
Nobody feels it but I'm hollowed out  
It's funny to me how a fire needs to breathe  
Must be a new kind of flame feeds off my pain  
Nobody sees it but I'm hollowed out  
Nobody feels it but I'm hollowed out  
Hey hey hollow man  
Hey hey I'm a hollow man  
I got nothing inside to hurt me again  
Hey hey I'm a hollow man  
I walk the earth all alone  
Call nowhere my home  
No worries weigh on my mind  
Fate is deaf dumb and blind  
Nobody sees it but I'm hollowed out  
Nobody feels it but I'm hollowed out
