

# Ode To You

Dawn Richard

I done made mistakes, made some wrong turns  
Had some fuck ups, too many, far as I'm concerned yeah  
Maybe I held on when I should've let go, yeah yeah  
But when it comes to you  
You help me get through  
You are never loose

I owe it all to you  
I owe it all to you,  
I owe it all  
I owe it all to you  
Yes I do, you, yes I do

Baby I hope you feel the same  
'Cause I'm giving all of me yeah  
I'd take all I have  
And bet it all on you baby, yeah yeah  
You're the only constant truth  
In a world full of lies  
I wish for you baby  
Oh I wish for you baby,  
'Cause when I was knocked down  
Oh you picked me up  
Oh ain't nobody like you  
That's why I fucks with you baby

I owe it all to you, you  
I owe it all to you, you  
I gave you all, I gave you my soul  
I owe it all to you, you, yeah yeah  
It's time for you  
I owe it all to you, you

If you feel me, put your hands in the air  
And say aha oh yeah  
Aha aha oh yeah  
Aha aha oh yeah  
Aha aha oh yeah

I owe it all to you, you  
I owe it all to you, you  
Nobody done it like you  
I owe it all to you, you  
I owe it all, I owe it all  
I owe it all to you, you  
Nobody like you, nobody do it better babe  
I owe it all to you, you
