

# Death Makes the Rules

Dawnless

Tell all your friends  
And your family  
That you've loved them all your life  
Cause here it ends  
Cry not  
you know  
We'll all end up the same way  
It is our fate

Out of your sight  
Stnds shape  
Out of our world out of time  
Setting all of us  
At the same level  
Who'll be next  
Is it you, me  
Or anybody else  
Be aware

I exist for you to die  
Gorgeous, ugly  
No difference when it's time  
You will come

Out of your sight  
Stnds shape  
Out of our world out of time  
Setting all of us  
At the same level  
Who'll be next  
Is it you, me  
Or anybody else  
Be aware

Out of your sight  
Stnds shape  
Out of our world out of time  
Setting all of us  
At the same level
