

## Lies That Bind

Daylight Dies

Deafening  
Quiet  
That falls on  
Blind hearts  
Unspoken  
Implicit  
These words so

Faithless  
Are the lies that  
Bind us  
With truth  
Disclosed by silence  
A fragile trust  
Weathered and lost

Time may dull  
But will never heal  
Scars hewn by  
Unspoken deception  
And wordless honesty

Leaving nothing  
But a broken life  
A shattered lie  
And all we had  
Lost

Time may dull  
But will never heal  
Scars hewn by  
Unspoken deception  
And wordless honesty
