

## Like A Sea Of Flames

De/Vision

Protect me from this boring life  
Diversify my days  
Into your sea I want to dive  
When I fall ill with haze  
Too many faults that you will find  
You've got to bear them all  
Relieve me from my haughty kind  
Pride goes before I fall

Don't pronounce me guilty when I lie  
Be merciful to me  
Have patience with me when I cry  
For your charity  
Be near me when I need you most  
Tranquilize my soul  
Delight me like a blooming rose  
Then I'll reach my goal

Like a sea of flames  
Like a sea of flames  
Like a sea of flames  
You warm me, day by day

You turn down the coldest cold  
You're like a sea of flames  
You give me shelter till I'm old  
And you keep me from shame  
You will be the guiding light  
When I lose my way  
You will lead me through the night  
And also through the day

Like a sea of flames  
Like a sea of flames  
Like a sea of flames  
You warm me, day by day
