

# Live In The Moment

## Death Threat

We will, live life, for ourselves and no one else!

Good times, hard times, it's all the same to me as time flies by.

My life through my eyes, it's just a game that I keep playing  
roll with the punches that's how life goes  
live life day by day, and go with the flow

don't dwell on the future, it's out of my hands  
what's done is done, forget about my past  
live in the moment, and live with no regrets  
do what feels right because life is just a test, your life is just a test!

pass or fail it's all the same  
we're all headed to an early grave  
and that's just the price we pay!  
so enjoy yourself today  
don't dwell on the future  
it's out of my hands!
