

# Underwater

Delerium

Something fearless in your eyes  
Something careless about your smile  
Something fragile when you hold your breath  
And when you move  
You move right through me

Fingertips so gently on my skin  
I'm underwater  
I feel the flood begin  
Fingertips so gently on my skin  
You're taking over and over again

Shed your armour  
Spin your web  
Hypnotise me with the longest stare  
Make your promise  
Or maybe it's a threat  
'Cause when you look  
You look right through me

We're flesh and bone  
Together and alone  
And we're looking for a home

Silver moonlight fills the sky  
Calling gently to the evening tide  
You're unfolding right before my eyes  
And when you move  
You move right through me
