

Take Me to the River

Desperation Band

Verse 1:

There's a place rich with life
Where every wave will purify
Take me there to be with You
Take me to the river

Verse 2:

There's a place deep with hope
To saturate the weary soul
Take me there to be with You
Take me to the river

Pre-chorus:

Lead my soul to quietness and trust
All I know is You will be enough

Chorus:

Take me to the river
Pull me off the shore
Here within Your freedom
I have found my reason
I am Yours

Let the water rise
Far above my head
Baptize me in wonder
Spirit take me under
Once again

Verse 3:

As I wait within the swell
You sweep away what's of myself
Take me there to be with You
Take me to the river

Bridge:

Let the river flow
Let the water awaken my soul
From the dead come life
Arise Arise
