

# Universe in a Ball!

Devin Townsend

Universe in a ball  
Universe in a ball  
I found those foreign fantasies were free!  
Universe in a ball  
There's a universe in us all  
I found him falling far away from me

Find your fantasies... we'll fight them... fight!  
Find your fantasies... then fight them!!!

Universe in a ball  
There's a universe in our soul  
We found them falling far away from me!

Oh, search for home  
We find... he's everyone around...

Are we all that we're meant to be when we're home, boy!  
Although we've been wandering, we are home, boy!  
Home we go! Home we go!

Universe in a ball  
There's a universe in a ball  
You'll find those foreign fantasies were Ki!

Find your fantasies... we'll fight them... fight  
Find your fantasies then fight them (fight!!!)  
Find your fantasies... then fight!  
Find a way to resolve!

Are we all that we're meant to be when we're home, boy!  
Although we've been wondering, we are home, boy!  
Always!!! Always!!!  
We must fight for what's worth fighting for!
