Inside My Head

Digital Summer

No need to say it
You don't think I'm as strong as you are
Cause I don't cover up my scars
And inside my head I fight
Different battles every single night
You don't know what it's like

I can feel this
Surrounding me
Like a nightmare
Though I'm not asleep
Everything I see (everything is red)
Everything in me (is already dead)
I just need something
To kill the demons inside my head

If you could be so kind
To forget the truth and lie to me
Tell me everything is fine
Victim of a sick and twisted disease
It's like another broken souls living inside of me
Always fighting for control of the air that I breathe
And it won't let go of me

I'm a prisoner
Haunted by this curse
It's got a hold of me
I fear there is no cure
And it's getting worse
It's like I cannot breathe
I'm crawling
On my knees help me please
I'm falling
Inside my head from this disease

I can feel this
Surrounding me
Like a nightmare
Though I'm the only one who's not asleep

I can feel this
Surrounding me
Like a nightmare
Though I'm not asleep
Everything I see (everything is red)
Everything in me (is already dead)
I just need something
To kill the demons inside my head
