

I Like Surprises

Dizzy Mizz Lizzy

I like surprises
I can't wait too long
Spur of the moment
Right or wrong
Something behind her
I live on the run
Something sudden movement
Gonna come

Down the line
Watch me one more time
I like surprises

We like surprises
I know what we want
Weird little moments
Do or don't
So many highs for her
Know what she needs
Lightning in my movement
We compete

Down the line
Watch me one more time
I like surprises
