Ms. Big-Booty-With-The-Spandex  
Yes, what it do, where your man at?  
I'm tryna converse  
Most likely to be the first  
Nigga to spit this much game till you threw a verse  
Beside he 4-0  
We both know they won't know what they can't see  
'Cause they can't go, it's just me and you  
We them niggas with clean money  
I need a freaky bitch to keep the pussy clean for me  
Old enough to make her own decisions  
If you're living on your own, well, take a nigga home  
I'm only getting ratchet with a bitch  
She threw her pussy at my face so I slapped her with the dick  
Rapping while she's doing little tongue action tricks  
I'm just having fun, running with the shit  
If she want the dick, nasty bitch that don't like to spit  
I might let her taste the flavors  
But first I need a favor

Ladies scream if you gonna let a nigga hit  
Take a dip and hit the pussy real quick  
Bounce them titties for a nigga  
If you came to the club just to show love, then what?  
Then bounce them titties for a nigga  
If your bad behavior got you shaking what your mama gave ya, then what?  
Then bounce them titties for a nigga  
If your nigga ain't shit and that nigga acting bitch-made, then what?  
Then bounce them titties for a nigga  
I ain't shit but my shit probably help you get your rent paid  
Bounce them titties for a nigga  
Bounce them titties for a nigga

Hide your wives, trying to get inside them thighs  
High forever, yeah, we're getting high tonight  
Roll with me, young nigga roaming the streets  
Baby, I could have you moaning for weeks  
I swear I'm feeling like the man, dog  
Booty big, I couldn't keep my hands off  
Baby make it jiggle with your pants off  
'Cause playing with my balls ain't enough no more  
Tonight you better get that pussy up for show  
Hoes be scheming, late night creep and they get a piece  
Of the beast under the sheets, that's under my briefs  
I know they feeling they get it thick when they be bouncing on it  
Probably hit the pussy, wasn't counting on it  
A-35, gotta hit the stage by 9  
Make my day, take it out and take your time, it's alright  
If you trying to kick it 'cause you tripping him  
In order to leave with us how we know you with the business
