This the thick girl anthem, I be looking handsome  
You should tell yo mama, she gon' have a grandson  
Niggas think we fucking, tell them we just dancing  
I'm a let you touch ig, girl why you keep on asking  
Red leather jacket, girl call me Michael Jackson  
Five shots later, we call it Johnnie Paxson

s

Girls on stage, making change, make it rain  
We like clothes, good food, champagne, entertainment  
We don't ever ask for much except trust, women lust  
Every time a real nigga call yo phone, pick it up

This that girl where you going, I'm a need a moment  
Heard you like it doggy, I just wanna bone it  
I don't wanna borrow, I just wanna own it  
I see you got yo homegirl, come plug her with the homie  
We don't really care about much, live it up  
Bank accounts, gold chains, spending bucks in a rush  
We ain't never had help, it's just us, it's just us  
Every time a real nigga call yo phone, pick it up
