

Easier Lying

Duff McKagan's Loaded

Nothing is easy when nothing is true,
It never gets easier lying to you,

As for now my heart goes out,
You brought me everything but the caged bird still sings,
So many hands they pull me away,
It seems impossible to navigate,

Nothing ever stays the same that will never change,

You wanted a star, to shine on a stage,
But don't you know that hearts will wander when they're unchain
ed,
I needed a place, cover from the storm,
Now all that bound just seems forever torn,

Nothing ever stays the same that will never change,

Nothing is easy when nothing is true,
It never gets easier lying to you,
Burning the days down and hiding from you,
It never gets easier lying to you,

When you wake up, in the mirror tell me what's the greatest fea
r that you got,
Face down undercover have you wandered to another lover,

Nothing is easy when nothing is true,
It never gets easier lying to you,
Burning the days down and hiding from you,
It never gets easier lying to you,
It never gets easier lying to you,
It never gets easier lying to you,
It never gets easier lying to you.
