

He Thinks He's In Love

Eleni Mandell

When it rains, I throw up my windows
On a cold, dark day I run in the street
I'm ok when the howling wind blows
Yeah, it's alright with me

When it's hot like the devil laughing, ha
I will put on my hat and coat and see
That I'm always happy keeping up with a man just a step ahead of me

He thinks he's in love with this girl
But I know that he can't be in love with her
He's in love with me

When the time is right, I will rip it up
When the time is right, it don't mean a thing
When the time is right, I've already given up
When the time is alright with me

He thinks he's in love with this girl
But I know that he can't be in love with her
He's in love with me
Best I'm here

When it rains and the howling wind blows
I go insane and I march in the street
And the drums and the crashing cymbals
Yes it's alright with me

When it's hot, hot, hot
I will dance in the streets
I will sing, I will clap, I will stamp my feet
I know what tomorrow brings
The man's keeping up with me
Yes, the man's keeping up with me

He thinks he's in love with this girl
But I know that he can't be in love with her, yes I know
