

# Come Speak To Me

Elisa

Come speak to me  
easy like hands on skin  
come speak to me  
easy like sky on earth  
we are going to do something  
if you come and tell me just how you feel  
'cause we're gonna work it out  
even if your world's falling apart

are you gonna do something  
are you gonna trust me  
are you gonna take care  
of what I've been givin'  
are you

birds are crying for the two of us  
I can't sleep 'cause the moon  
reminds me of your face  
now I can see  
sunset on my homeland  
through your words still alive

come speak to me  
easy like hands on skin  
do you know why I left  
it's 'cause I was digging into my past

are you gonna do something  
are you listening to me  
are you gonna take care  
of what I've been given  
are you, are you

birds are crying for the two of us  
I can't sleep 'cause the moon  
reminds me of your face  
now I can see  
sunset on my homeland  
'cause your words are alive  
for the both of us  
I can't sleep 'cause the moon  
reminds me of your face  
now I can see  
sunset on my homeland  
through your words still alive

the sun keeps telling me stories  
(are you listening to me, are you)  
the moon keeps telling me stories  
(are you gonna take care of what I've been givin')

birds are crying for the two of us  
I can't sleep 'cause the moon  
reminds me of your face  
now I can see  
sunset on my homeland  
'cause your words are alive

for the both of us  
I can't sleep 'cause the moon  
reminds me of your face  
now I can see  
sunset on my homeland  
'cause your words are alive

come speak to me  
come speak to me  
come speak to me  
come speak to me  
come speak to me  
come speak to me  
now come speak to me  
come speak to me
