Peace Country Boys

Emerson Drive

One hot Alberta day, we loaded up our Chevrolet, Headed down to the lake to meet the boys. Six pack and fishin' pole try our luck at our fishing hole Just an average weekend with some good'ol country boys.

And the only woman that we'll let out here Is Mother Nature if she brings some beer It's our only chance to make some noise With the good Peace Country Boys.

Well we pulled out our guitars and started to rock The fish were jumpin' at the end of the dock. Sittin' round the fire drinkin' our beer. Order up another round just tryin' to improve our sound Thankin' to God that the women were not here.

LET'S GO FISHIN' BOYS!!
