No you won't be name no buildings after me
To go down dilapidated ooh
No you won't be name no buildings after me
My name will be misstated, surely

His world done changed
So much yeah yeah
This world done changed
Since I been conscious

This world done changed
So much yeah yeah
This world done changed
Since I been conscious

Oh, what in the world will we do?
Will we ever make it, yeah
Oh yeah know it ain't right
Oh, is it in your plan?

Say, I won't be name no buildings after me
To go down dilapidated
No you won't be name no buildings after me
My name won't be misstated, surely
Surely, surely...

And oh...
And oh...
And oh...

No you won't be name no buildings after me
To go down dilapidated, no
No you won't be name no buildings after me
My name will be misstated, surely
Surely, yeah, yeah
Mmm hmm, ooh
