

All Of My Life

Esham

"Uhh... all of my life real serious... check this out... yo"

All of my life
I need a husband, boy, you need a wife
And so lets make it right
I'm through with the thugging and the hanging all night
Oh, baby

All of my life
I've been searchin the whole world for someone like you
To maybe have a daughter or a son that look like you
If I was true and you was true and we was true together
Well, then theres nothing in this world we couldnt do together
We went to school together plus we looked so cool together
They see us out there, they be like "Them two still together"
No matter the weather, broken wings, you patch my feathers
And thats why it's always heavenly forever

All of my life
I need a husband, boy, you need a wife
And so lets make it right
I'm through with the thugging and the hanging all night
Oh, baby

Let me tell you, girl, I'll never sell you, girl
Your heart's made out of glass, I won't drop your world
So precious as a pearl
I know I put you through some things that made you wanna cry, girl
But you stood by, girl
Girl, I need your nose bleed if I leave ya
I love the way you rock my boat like Aliyah
I can't wait to see ya, pull up in the two seater
Drop-top showing off your smile with a knock-knock

All of my life
I need a husband, boy, you need a wife
And so lets make it right
I'm through with the thugging and the hanging all night
Oh, baby

I'm through with runnin the streats, my gun in my reach
I'm through with hanging all night. Drinking liquour aint right
I just might wind up in the hospital from being irresponsible, the worst
I'm through with puttin everything first
I'm through with everything

"You'll need a wife that's gonna be with you to the end ...and ever
...hustling ...through the pain ...we will struggle ...and the strain
...we can struggle together ...together ...we'll be ...yeah ...ohh"

TOGETHER... FATHER FORGIVE ME... FOR ALL MY SINS...
I REPENT
