Pill Me

Pill me for my addiction Feel my prescription Try everything, I've tried everything Check this shit out

I be that Egyptian who need a prescription (So what's poppin?) Pain pills, feel my addiction I'm caught up in the mix and plus I need fixin' This is fact not fiction, bitch, why you bitchin' Take a listen witcha ears and close ya mouth Wash it down wit' some water before ya pills fall out In the darkness I hear somebody call out my name When I think about the past all I see is the flames Angels try and save me but I'm crazy They say 'Follow me' but I can't fly wit' these broken wings And 'Tongues' are spoken things Don't know what they mean, nightmares that I'm a dope fiend Insomniac, I don't sleep, I can't dream The voices say 'Follow me' the pills say 'Swallow me' I gotta migraine, dead brain cells Anphenamines flowin' through my veins takin' me to hell Can't you tell I'm in another dimension Can't you tell I'm in another dimension Hell on earth and I got a life sentence The only way to get to Heaven's repentance

Pill me for my addiction, feel my prescription, baby

I'm ya pain killa (2x)
I'm a pain killa, a game killa
The one you come to when ya need the same killa
Footprints in the sand walkin' witcha
The shadow behind you who can getcha
Thoughts of suicide run through my mind
I think about murderin' murderers all the time
I close my eyes and turn into vapors
Smokin' blunts in the Bible papers
My mind travels at light speed
''cause I speed in the fast lane swervin', my eyes bleed
Now let me tell you
