

# Prom Night

Eskimo Callboy

Out of my league

Whohoho

It feels alright

To fall in love

With a girl out of my league

Whohoho

It feels alright

But it hurts to see her with him

And I'm gonna take it

Cause I'm nothing for you

I'm invisible

Fucking cockwhore

Now the time has come tonight

Even if I'm drunk

Come and dance with me

Even if I dream

Feels like eternity

Come closer

To fall in love

Out of my league

Whohooo

It feels alright

To fall in love

With a girl out of my league

Whohoho

It feels alright

But it hurts to see her with him

Touching your pussy

That's one of my favourite dreams

I'm nothing, just nothing for you

My everything, it's just your gorgeous

Body

Prom night, our hearts are getting closer

Tonight it feels alright
