Evergreen Terrace

I can feel it
In the night
Right before I wake,
While I'm dreaming.

I open my eyes
To see the world
Trying to be free
There's a wind of fire
And it consumes me

In the moving seconds
Of this waking life
I still can feel the heat
In this state of my
My reality

In this state
In this state
In between
In between
The waking world
The waking world
Reality
Reality

I can feel it
It's taking over
There's something burning deep inside of me
Count the hours
Breathe in seconds
I feel this way for the rest of my life

And there's a light
That feels like fire
And it consumes me

And there's a light
That feels like fire
And it consuming me

I can feel it
It's taking over
I feel this way for the rest of my life.
