

# Acquire The Fire

Faderhead

Let me acquire the fire  
Break every rule until I  
Become a monster  
Let me acquire the fire  
I'll break away until I  
Become a monster  
3x

until I become a monster  
2x

All your talk of a kingdom above  
Choices full of greed  
Painting images of brotherly love  
Can you help me fuck young boys for free?  
Nothing left that's sacred in your mind  
Nothing left for me  
Everything in life returns in time  
Can you help me fuck young boys for free?

Can you help me fuck young boys for free?

Let me acquire the fire  
Break every rule until I  
Become a monster  
Let me acquire the fire  
I'll break away until I  
Become a monster  
2x

until I become a monster

Everybody in your family has  
Silent eyes that scream  
Everyday in life is just a test  
Can you help me fuck young minds for free?  
All your talk of a kingdom above  
Choice was meant for me  
Painting images of family love  
Can you help me fuck young minds for free?

Can you help me fuck young minds for free?

Let me acquire the fire  
Break every rule until I  
Become a monster  
Let me acquire the fire  
I'll break away until I  
Become a monster  
2x

Until I Become a monster  
2x
