

# The Sun Is Shining

Fleetwood Mac

The sun is shining,  
But it's raining in my heart.  
The sun is shining,  
Although it's raining in my heart.

I'm in love with my baby  
And I hate to see us part

My baby left me this morning  
I didn't even say goodbye  
My baby left me this morning  
No, she didn't even say goodbye

You know I love you baby  
And I don't know the reason why

I had a dream,  
I had a dream one rainy night.  
I had a dream,  
I had a dream one rainy night.  
You know I'm looking for my baby  
And you know the sun was shining bright.
