

It's Not Love (If It Doesn't Hurt)

For All Those Sleeping

Being alone with my thoughts is a dangerous game
But nightly I play, till I heard all I can take
Because this bed seems so big
Without the touch of someone so easily replaced
Lie to me and tell me what you've been missing
'Cause all my hours are spent waging wars in my head
So let me feel right for one minute

Chew me up, spit me out
I don't wanna be alone
So use me up, throw me out
Cause I can't say no
It's not love, if it doesn't hurt
If I break my teeth then will you see
And it's not love, it's not love
Till you bury me

Heart versus Head, and I don't know who I want to win
Because my heart always cares too much, and my head couldn't care less
I use to sell my love to the first buyer
But now that I want more the price has gone higher
So if you won't take me, then make me yours for a night
And try not to break me

Chew me up, spit me out
I don't wanna be alone
So use me up, throw me out
Cause I can't say no
It's not love, if it doesn't hurt
If I break my teeth then will you see
And it's not love, it's not love
Till you bury me

If there's a place, for lost souls like me
It may not be hell but I'm scared it might be
Will you burn with me
Cause my wings are too worn to carry me
And you're wearing me down and I'm scared to leave
Will you fall with me

Will you be my anything, my everything
I'll be your anything if you don't leave
And let tortured souls be tortured no more
than yours to mine and mine to yours

Chew me up, spit me out
I don't wanna be alone
So use me up, throw me out
Cause I can't say no
It's not love, if it doesn't hurt
If I break my teeth then will you see
And it's not love, it's not love
