

# Tristeza

## Forever Slave

In this time remember me  
I miss your hands on my skin

Don't you remember me?  
Promises and lost dreams

Two spirits come to me  
My death, I could see it  
Don't control my Tristeza  
Give me my life, again

This sorrow is infinite  
I don't want this world

My life is illusion for me  
This time brings me fear

I saw blood in the ground  
These wounds don't die

Two spirits come to me  
My life was dark  
That night of winter  
A new world was born

Don't control my Tristeza  
Give me my life, again  
This sorrow is infinite  
I don't want this world
