

# On My Way

Foxes

Cause the freedom fires from my memory  
But I know you're still haunting everything  
And though someday maybe it'll be okay  
But I can't escape right now...

I've damned myself tonight  
I pray I'll be alright  
But you let me down I swear  
Trying to cut you out  
Can't even scream or shout  
Cause you left me numb my dear

Oh, won't you let me go?  
Don't say it's okay  
I was on my way to healing, oh

Something I just need to learn  
Every time I feel alone  
I can't keep running back to you again

Turned my golden into dust  
Rain on me until I rust  
All I do is run to you again

Summers are over, lights can shine again  
Leaving myself to something I can't mend  
And although someday maybe I'll be okay  
But I'm not to blame, oh no...

I've damned myself tonight  
I pray I'll be alright  
But you let me down I swear  
Trying to cut you out  
Can't even scream or shout  
Cause you left me numb my dear

Oh, won't you let me go?  
Don't say it's okay  
I was on my way to healing, oh

Something I just need to learn  
Every time I feel alone  
I can't keep running back to you again

Turned my golden into dust  
Rain on me until I rust  
All I do is run to you again

Baby, I was on my way  
I was on my way  
I was on my way  
(4x)

Something I just need to learn  
Every time I feel alone  
I can't keep running back to you again

Turned my golden into dust  
Rain on me until I rust  
All I do is run to you again

Baby, I was on my way  
I was on my way  
I was on my way
