

Unstoppable

Fozzy

Talking bout me, oh so softly, you say I can't explain
I'll make it happen, no distraction, you know I can't be tamed
One mind can beat a million, one chance is all I need
I will complete this mission, damn you, I will succeed

Away from my prize, because in my eyes, I can do anything,
Now watch me rise

You'll never break me, I'm unstoppable
You'll never shake me, I'm unstoppable
(2x)

Don't tell me rules, I ain't your fool, I live by my own code
Spark the fire of my desire and make my dreams explode
I do just what I want to because I know it's right
Don't tell me I can't make it, won't die without a fight

Away from my prize because in my eyes, I can do anything
Now watch me rise

You'll never break me, I'm unstoppable
You'll never shake me, I'm unstoppable
(2x)

One mind can beat a million, one chance is all I need
I will complete this mission, damn you, I will succeed
Away from my prize because in my eyes, I can do anything
Now watch me rise

You'll never break me, I'm unstoppable
You'll never shake me, I'm unstoppable
(3x)
