The Moon Was Yellow

Frank Sinatra

The moon was yellow, and the night was young.

A smile brought us together, and I was wond'ring whether We'd meet again someday.

The moon was yellow, and a song was sung.

That vocal inspiration gave me the inclination

To give my heart away.

Here we are! Is our romance to continue?

Will it be my luck to win you.

May I look that far? Ah! My love is

Ah, my love is yellow and the night is young.
