

Oh I  
Wake up and I think I'm alright  
But then you see me and you tell me not quite  
I got a little bit of work to do on this  
This little thing you call my attitude  
Kissing me was only the beginning  
Of this perpetual lie that now we're living  
To satisfy a man thats not worth keeping  
Oh you're quite the contradiction

But theres one thing left to do

Just go and do what your friends say  
They didn't like me anyway  
Just go and do what your friends say  
Theres plenty more of them than me  
I'm only half the man you're looking for  
I'll write it off into another song  
Let me go let me go let me go  
Go where I'm wanted

You always tell me that you're insecure  
I try my best to make you feel adored  
You ever think to give the same respect  
While you're secretly still talking to your ex  
I'm sorry baby but you went too far now your  
Checking your shoulder as we go to bars  
I, I really wonder why I stuck with this when  
I was a target that you never missed

But theres one thing left to do

Just go and do what your friends say  
They didn't like me anyway  
Just go and do what your friends say  
Theres plenty more of them than me  
I'm only half the man you're looking for  
I'll write it off into another song  
Let me go let me go let me go  
Go where I'm wanted

I'll never know  
If I can't let go

Oh yeah oh  
I'll just go where I'm want  
Where I'm want  
Where I'm wanted  
And go where I'm wanted  
Yeah, Yeah, Yeah, Yeah  
Just go and do what your friends say  
They didn't like me anyway  
Just go and do what your friends say  
Theres plenty more of them than me  
I'm only half the man you're looking for  
I'll write it off into another song  
Let me go

Let me go  
Let me go  
Go where im wanted
