

# Mongoose

Fu Manchu

Look inside, day started right  
A back road in a dirt town lives all time  
The mongoose flies  
The mongoose flies  
The mongoose flies  
The mongoose flies  
Removed from the times  
Event for the eyes  
Mid day they gathered one by one  
All time  
The story lies behind  
The mongoose flies on by  
Out on the street they ride  
The mongoose flies on by  
Slowly turns signals high  
What happens next, all time  
The story lies behind  
The mongoose flies on by  
Out on the street they ride  
The mongoose flies on by  
The story lies behind  
The mongoose flies on by  
Out on the street they ride  
Look inside, day started right  
A back road in a dirt town lives all time  
The story lies behind  
The mongoose flies on by  
Out on the street they ride  
The mongoose flies on by  
The story lies behind  
The mongoose flies on by  
Out on the street they ride  
The mongoose flies on by
