Fu Manchu

Ridin' high Seein' far beyond this time Speed demon rollin'.. to the tune of ninety-five Through another mountain ...barracuda on my side I heard this story told 'Bout a half a million time Eight feet wide Burnin' a path half it's size Gone without a trace Surveying all mankind Full-speed ahead I hear it start to grind Never heard a sound Like it in my life I'm movin' in a freak show (or... "I'm living in a freak show") I sink down low

Got a rail ridin' I'm king of the road!!
