Never Alone Again

Gates of Ishtar

View my secrets, Crawl inside Taste and feel all my pain Stand beside me all for one Never leave me again Help me find the truth beyond Words buried by dust Open up the slanderer's den Tear and slaughter their lies

Come with me, take my hand Far away from the promised land Face your fears, As one we stand Never alone again

Close the chapter, Set things straight Fools guided by christ, cross our path and you're bound to die Come, Join us tonight Tear your blindfold, cleanse your mind Lost, Setting the way Find the one of darkness spawned Kill, Enlighten assay
