

# Lonely Road

Genuflect

This is what you wanted  
Well now you've got it  
Our time is bartered so we best make haste  
A lie will travel round the world tonight  
And by the time it comes back it'll be way too late  
It's operation occupation- Capital, Corporations  
You feed the fire but it's never enough  
I don't make records, I make weapons  
I send 'em off like time bombs ticking down-  
Now who do you trust?  
Tossing and turning - I'm losing control  
As I'm traveling down this lonely road  
Never been better, this never gets old  
I'm just traveling down this lonely-

Road to perdition  
I'm having visions  
Am I in prison or just lying in wait?  
A lie will travel round the world tonight  
And by the time it bites back it'll be way too late  
Imperialistic, Cystic,  
Capitalistic- So sadistic  
You feed the fire but it's never enough  
This is what you wanted  
It's what you wanted  
This is what you wanted  
Well now you've got it!

Tossing and turning - I'm losing control  
As I'm traveling down this lonely road  
Never been better, this never gets old  
I'm just traveling down this lonely-

Yeah, look what we've become-  
The atom bomb, Bhopal, the Love Canal-  
Take a closer look and look what we've become  
Exxon Valdez / Mobil, Chernobyl-  
Take a look around and look what we've become  
Three Mile Island welcomes refugees from Thailand  
Open up your eyes man-  
What have we done?

There's no solution- Just pollution  
Humanity? Fuck this institution  
No absolution- Persecution  
Spin that revolver- "Revolution"  
Propping up a puppet- Corrupt motherfuckers  
Dealing with you suckers through diversional goad  
Worship the War Ship  
Market horse shit  
Unraveling  
We travel down this lonely road

This is what you wanted  
It's what you wanted  
This is what you wanted  
Well now you've got it
