Whatever's Written In Your Heart

Gerry Rafferty

Wakin' up here on a rainy day I swore last time that I would stay away I came down here to talk to you I said this time I might get through. I heard us speak but all the words were dead We talked all night and left it all unsaid So we agree to disagree At least we got our memory.

Whatever's written in your heart, that's all that matters You'll find a way to say it all someday (yeah) Whatever's written in your heart, that's all that matters Yeah, night and day, night and day.

You've got your secrets yeah and I've got mine We've played this game now for a long long time You don't lean on anyone You never had no place to run.

You never wanted me to get too close We love and hate the ones we need the most I tried to find a way to you One thing I could say to you.

Whatever's written in your heart, that's all that matters You'll find a way to say it all someday (yeah) Whatever's written in your heart, that's all that matters Yeah, night and day, night and day.

Maybe I've always set my sights too high You take the easy way and still get by I know there ain't no special way We all get there anyway.

I heard us speak but all the words were dead Talked all night and left it all unsaid So we agree to disagree At least we got our memory.

Whatever's written in your heart, that's all that matters You'll find a way to say it all someday (yeah) Whatever's written in your heart, that's all that matters Yeah, night and day, night and day.

Yeah, night and day and day (whatever's written in your heart)
