## **Re-Align**

## Godsmack

Desicions made from desperation No way to go Internal instincts craving isolation For me to grow

My fears come alive
In this place where I once died
Demons dreaming
Knowing I...I just needed to re-align

Fell in a river of illusion
And apathy
Drowning in a self-induced confusion
I'd rather be

My fears come alive
In this place where I once died
Demons dreaming
Knowing I...I just needed to realign

My fears come alive
In this place where I once died
Demons dreaming
Knowing I...I just needed to realign
Yeah!
