

Fill My Cup

Gomez

I'm nowhere
In particular
And nowhere
Nowhere at all

So fill my cup make me happy
Fill it up make me smile
Fill my cup give me a reason
A reason to feel alright

Don't you worry sweet darlin'
It's gonna be alright
It's seem that I've been sleeping
Been sleeping all my life
Sleeping all my life
Been sleeping all my life I sleep alone
No body banging on
'Cept in a second home

Wake me up make me happy
Wake me up make it right
Wake me up and give me a reason
A reason to feel alright

Don't you worry sweet darlin'
It's gonna be alright
It seems that I've been sleeping
Been sleeping all my life

Sleeping all my life
Picking up girls is easy
Burn me up
Burn me up

Been sleeping all my life

Fill my cup make me happy
Fill my cup make me smile
