

Meaning of Life

Greedy Invalid

I laid myself down into the shadow
Hoping to find myself again
Again I close my eyes
I fall into eternity deeper-it's all in vain

Seek for the meaning of life
Seek for my place in the space
Seek for the nature of whole human race
Search for just a second for my soul to rest

I was looking for love and
In the meantime I lost myself
The world was mine
I felt my own strength
And deedful delight
In awaiting of wealth

To watch again the stars on a meadow
I hope but can't explain why I'm so weak
Reason to live that's what I seek in my whole
Dream called life I can't smile anymore
